

Fix the Court Petition on Ethically Murky Public Appearances by Supreme Court Justices

September 26, 2017

Petition text: "Justice Neil Gorsuch is scheduled to address a gathering at Trump International Hotel in Washington on Thurs., Sept. 28, even as a lawsuit claiming President Trump is illegally profiting off his presidency makes its way through federal court, with the Supreme Court a likely final destination.

"Whether or not this case, or other cases in which the President is a litigant, has merit, it appears unethical for a member of the high court to speak at Trump's D.C. property, and we believe that Chief Justice John Roberts has the authority - and the responsibility - to discourage his colleagues from participating in these types of events.

"We, the undersigned, call on the Chief Justice to delineate clearer ethics rules for the justices' public appearances."

Note: Petitioners comprise 1,485 Americans from all 50 states and Washington, D.C.
