Hello David. In response to your recent inquiries:

- There are no indications in the disclosed emails of Justice Kagan having USMS coverage in recent years; her last mentioned deputy marshal-covered trip was in September 2019. (see email below)

USMS's Response:

USMS's Judicial Security Division (JSD) confirms that there are no 535 forms for Justice Kagan for FY2020, FY2021 and FY2022. JSD also confirms that there were no email requests for USMS travel assistance for Justice Kagan from May 2022-September 2022.

We will get back to you later regarding the remaining question. Regards,

Tom

Hi Tom -

As noted, there are a couple of issues I want to raise now that the agency represents it has completed processing:

- Numerous times the phrase "Please see the attached USMS assistance request and travel information," or something similar to it, appears in the produced emails. However, only once does the disclosed material contain "travel information" (a KBJ trip to NYC in Sept. 2022 for an investiture) and the referenced "attached assistance request" is not included with any of the disclosed email.

- There are no indications in the disclosed emails of Justice Kagan having USMS coverage in recent years; her last mentioned deputy marshal-covered trip was in September 2019.

Are you able to clarify these two issues?

Thanks.
