VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part VII, Column B: Lines reflecting no income are so reported because none was attributed to those particular holdings during the reporting period, whether taxable, tax exempt, or tax deferred, or because the investments do not allocate income to individual holdings, but instead are credited only in unit value, per page 45 of the filing instructions.

Part VII, Account #1 is a MetLife Variable Universal Life Insurance Policy. Reportable underlying investments are listed in Part VII.

Part VII, Account #2 is controlled and managed by a third party. The filer is permitted to adjust percentages of investment for each position, but the timing of any transactions is within the exclusive purview of the manager. Specific transaction dates are not available to the filer. In the absence of more precise information, transactions are reported as of the second business day of the quarter in which they occurred.
